of freedom (dof)

Independent (or minimum) coordinates fully describe pose or configuration (rotation).

To locate a point in space, 3 coordinates are necessary and these 3 coordinates are necessary and define the location of any point. Similarly to a rigid body (3-d object) in space, one needs to specify orientation with location. Thus 6 dof are necessary.

Robot KHR-2 from Korea is a 41 dof robot! Snake robots have more than 40 dof.

Structure and the workplace environment call for many dof redundancy.

Welcome to central library web portal of the M.S.G. Arts, Science & Commerce College. After establishment of the college by Kameswar Bhausaheb Hiray (Ex. Minister of Agriculture, Forests & Revenue for Mumbai Province) it has turned into an independent library of the college. The library of college is the knowledge resource centre for the teaching and learning. Though the collection is not only larger by number, but it is rich in quality also. The library provides services and access of information sources to our students, researchers and faculty members. The library preserves the knowledge of the past through rich collection while insuring we are a library for the next generation of 21st century and beyond. Library employees sincerely takes effort in providing the services to our users. Please feel free to contact the Librarian or any library staff members if you need any kind of assistance.
