Subject: Letter of Appreciation for Successful Student Development Program

Dear Dr. C. G. Dighavkar,

This has reference to a Student Development Program on **Introduction to NoSQL Architecture with Mongo DB** conducted for the students of your institution**.**

A total of 143 students participated in SDP and the same took place from 17th April'23 to 23rd April'23.

During the training program, we witnessed an enthusiastic response from the students, who actively participated in the sessions and demonstrated a keen interest in learning. We also received positive feedback from the students.

We hope that the students equipped them with valuable skills that are increasingly relevant in today's technology-driven world.

We believe that fostering such collaborative endeavors between **EICT IIT, Kanpur** and educational institutions is essential in preparing students for the challenges of the modern workforce.

Should you have any further requirements or wish to explore additional training offerings in the future, Please get in touch with us

Thank you for your support and cooperation.

Thanks & Regards
EICT Academy -IITK
